****There is a \$20 permit fee and a \$500 deposit due at the time the application is turned into city hall. When you are finished with the demolition and clean up, please call the city hall to have the city inspect the area demolished. Once inspection is passed, the City will mail the deposit back to the contractors address above unless stated otherwise.**

BEFORE I start demolition, I understand I am to contact Mascoutah City Hall to have the water turned off and the electric disconnected.

I also understand that it is my responsibility to cap the sewer during demolition, and have it inspected by the city's Water/Sewer Department.
