Reason for Excavation _____

Will You Be Excavating In A Paved Area () Yes () No

A deposit in the amount of \$250.00 or \$1,000.00 (if excavating in pavement) will be due at the time of application. This deposit will be cashed by the City. Once the site has been restored and inspected by the City, the deposit amount will be refunded to the applicant.

Call the City hall and ask for an inspection when backfilling in pavement and when the site has been completely restored. Once the site has a successful final inspection, a check will be mailed back to the applicant with the amount deposited.

I have read the municipal law with regard to excavations and my firm or company intends to fully comply with the Street Regulations Code provisions found in Chapter 33 of the Mascoutah City Code of Ordinances
